

VSL Electrical, Signing, Lighting (VSL)

A TRUSTED, EXPERIENCED TEAM WITH A COMMITMENT TO EXCELLENCE

ROADWAY AND ITS

For more than 15 years VSL has grown with the evolution of intelligent transportation systems making them more efficient and reliable than ever before.

MASS TRANSIT AND RAIL

VSL is involved in every phase of infrastructure projects from design, to system integration, to safety certification, allowing us to direct the sustainability and efficiency of our projects.

AVIATION

Runways, terminals and people mover systems are complex projects that require a level of security and detail VSL has been recognized for since 2006.

MISSION CRITICAL

- Pre-Construction Services
- Medium Voltage Distribution Systems
- Substation Construction
- Duct Bank
- Manholes and Vaults
- Temporary Power
- Battery Energy Storage Systems (BESS)
- Site Lighting
- Outside Fiber
- Commissioning
